

Our commercial portfolio

A bespoke insurance service tailored to your school's needs.

With more than 50 years' experience within the education market, over 800 schools, colleges and universities in the UK already count Endsleigh as their trusted partner.

As an independent insurance broker, we provide a tailored advisory service for your insurance and risk management requirements. With this comprehensive approach you can be completely confident your school's risks are covered.

We aim to build long-term partnerships with you to anticipate and respond to your school's evolving requirements. That's why working with us is both easy and effective.

For your commercial insurance needs, you'll benefit from:

- A dedicated independent schools account manager
- Expert advice to create a bespoke insurance/risk management programme
- Excellent levels of customer service with a proactive approach to managing risk
- A tailored service level agreement to suit your requirements
- An evolving review process to make sure your insurance arrangements continue to protect your school's needs

Above all, we'll support you every step of the way...

Find your possible with Endsleigh.

This can be checked on the Financial Services Register by visiting their website at <https://register.fca.org.uk/> Both are registered in England at Shurdington Road, Cheltenham Spa, Gloucestershire GL51 4UE.

Bespoke commercial products

Cyber liability

Designed to support and protect you in the event of a data breach or if you are the subject of an attack by a malicious hacker that affects your school computer systems.

Risk management

Access to a risk management platform which detects potential reputational threats online. Also provides 24/7 legal support and PR advice. Our insurer partners can also provide tailored risk management solutions including bespoke survey programmes, training, workshops, service plans and loss prevention standards.

Public liability

Insures your school's legal liability to pay damages from claims by third parties including visitors and pupils for death, bodily injury or damage to property - and covers the costs of compensation to anyone who is injured by any products supplied by the school. Abuse cover is included as standard and the policy can be extended to include additional liabilities such as legionellosis, medical malpractice and hirer's liability.

Employers liability

Provides indemnity in respect of schools legal liability to pay damages for death, illness injury or disease of any employees, governors, trustees, study exchange or work experience trainees arising out of employment.

Buildings and contents

For buildings which are either owned by your school or for which you are made responsible under a maintenance agreement. Cover can be extended to include accidental damage and subsidence. Similarly, contents insurance can be provided for any items you own or are required to insure. Items such as audio visual equipment, computers and office contents, stock, general fittings, fine arts and sports equipment can be covered on an all risks basis including accidental damage.

Business interruption

Provides cover for your school if you are unable to continue operating as a result of an insured peril i.e. fire or a storm. This insurance covers the loss of income or additional costs incurred following physical damage to your property.

This is an important area of cover that can often be miscalculated and could have a detrimental impact on your ability to continue operating when such disasters strike.

Professional indemnity

Protects you against claims made in respect of your legal liability for losses arising from a breach of professional duty (such as failure to educate).

Directors and officers

Protects directors and trustees in the event that they commit a wrongful act (including breach of trust/duty, breach of care, misappropriation of funds and breach of health and safety). Without this cover, individuals can be held personally liable to the full extent of their wealth or assets. Often these policies can be extended to include claims made against the organisation as well as an individual.

Commercial crime

Protects your school against theft, fraud or dishonesty by your employees.

Motor fleet

Protects your motor fleet (minibuses/vans/agricultural/groundskeeping vehicles), including occasional business use for staff required to use their own vehicles on school business.

Engineering

Protects computers, plant and equipment against machinery breakdown and business interruption as well as providing statutory inspection services.

Legal expenses

Access to legal assistance including employment disputes, contract disputes, charity commission investigations and tax protection.

Private medical insurance - key staff

Providing an important benefit for your key staff and their families, private medical insurance gives access to private healthcare, minimising waiting times for important treatment and care.

Medical malpractice

Protects your school's legal liability to pay damages following claims of negligence brought by third parties in respect of death, bodily injury or illness arising out of medical care or treatment, for example, by school doctors and nurses.

Travel and personal accident

Provides a wide range of cover for the majority of school journeys and trips, including medical expenses, repatriation, cancellation, delay, personal liability and loss of money. A 24-hour emergency helpline offers total support and reassurance; and coverage can also be extended to include winter sports.

Our clients say it best...

Endsleigh truly live their values, ones which resonate with our students and their high ethical expectations. I would wholeheartedly recommend Endsleigh to any organisation who is part of the educational landscape.

**Ben Ward, Chief Executive,
University of Manchester Students' Union**

Very many thanks to the team at Endsleigh for providing such a professional, comprehensive and clear insurance proposal for Dauntsey's. We have been greatly impressed with your attentive and professional approach, and we are equally impressed with the broad range of comprehensive insurance cover that your proposals offer...

**Steve Lilley, Bursar,
Dauntsey's School**
